

Pathways to Hope

NAMI FaithNet’s **Pathways to Hope** conference is a chance for communities to build their own grassroots movement to help engage faith communities, mental health providers, NAMI members and other community partners in building sustainable coalitions in support of people living with mental health conditions.

The conference will take place Aug. 25-26, 2023. NAMI National will host the event in partnership with NAMI State Organizations and Affiliates across the country.

Attendees can register to attend the nationally-produced plenary sessions in the mornings, which will be all virtual, and locally-developed workshops in the afternoons, which will be a mix of in-person, virtual and hybrid events.

This conference is designed to bring people together from across communities to:

- Reduce the stigma of mental illness.
- Activate and engage communities at the grassroots level to provide support for individuals impacted by mental health issues.
- Help communities understand care navigation and find local resources for better mental health care.

Conference workshops are organized around five tracks:

1. Mental Health
2. Peer Support
3. Therapy & Counseling
4. Faith & Community
5. Youth

At NAMI, we believe good mental health means supporting the physical, mental, spiritual and relational aspects of a person’s life. Please register for this impactful conference.
